WILL THEY STEP DOWN?

The Officers of the Savage to Be Asked to Resign.

The San Francisco Chronicle of the 9th contains the following:

It is understood that to-day a petition signed by a large number of the stockholders of the Savage Mining Company will be presented to the directors, asking that the officers of the company should be required to hand in their resignations.

H. M. Levy, the president of the Hale & Norens, is also president of the Savage, and the petition will require that the resignation of himself and his associates be asked for on the ground that the same practices which have been shown to exist in the Hale & Norens are carried on in the Savage, to the great detriment of all the stockholders who are not in the ring.

Gene Wrong.

Harry Miller a son of the noted poet Joaquin Miller, of California is having considerable trouble over his reckless way in holding up the Utah state. His story as told of him from boyhood, shows how badly he fared in his young days when living with his father on the farm.

At that time he was liked by all who knew him. His father kept him at work for some time digging out high stumps at 30 cents each. When his contract was completed he called on his father for his pay, which he never received, and soon after started out to face the world, as many more have done before, only to fall to the fathomless deep. His first step was to gain a fortune by the best method available, he first made some money by cutting wood in Mendocino county. Here, luck was against him, and it was then that he resolved to have money and fame. He purchased a rifle and started out on the highway holding up the Utah stage coach relieving for his trouble nearly \$1,800. His first command to halt was made and alone.

In a husky voice, after securing the express box, he commanded the driver to proceed, he taking the opposite direction. Officers of the law were soon on the trail, and in a few days after was arrested where he was engaged in cutting wood.

At the time of his arrest he was going under the name of Hayford, and completely broke down admitting all.

Many who know him as a whole souled boy pity him in his down-fall, as he was regarded a smart wily boy much after the type of his father.

The public generally is cordially invited to inspect the beautiful linen work during the afternoon and make selections for Christmas presents. Admission to evening entertainment 50 cents.

The Fredrick orchestra of Reno is advertised to give a grand masquerade ball at Carson City Christmas night. A special train will be run from Reno to accommodate parties here who desire to attend. The Fredrick orchestra is the best in the State, and the people of the Capitol will have a chance to hear some good music.—Journal.

The Fox Suit.

Special to APPEAL.]

San Francisco, Dec. 10.—Argument continues in the Fox mining suit. Baggart, for plaintiff, stated this morning that he would withdraw his action to amend the complaint by charging the defendants with negligence. But he declared that it was the Court's duty to instruct plaintiff to amend so as to conform with the proofs. He insisted, however, upon his motion to substitute as defendants Messrs. Roberts, Hayward and Newlands for the fictitious defendants in the original complaint. Baggart, of Virginia, noticed that he took a supply of stime from mill. Assay man Mandelbinder's assay office testified they assayed from 320 to 340 per ton. The daily influential that he would allow plaintiff to substitute Jones, Robert, Hayward and Newlands as defendants.

Five Entertainment.

The News Jollities played to a good house last night, and completely captured the audience with their very excellent musical oddities, pretty girls and roaring comedy. They can get music and harmony out of anything from a coal scuttle to a brick kiln.

Their music is of a high class, and everything in the performance is entertaining and refined.

"A Quick Match" is worth twice the price of admission, and the company could pack the Opera House if they played tonight.

Turkey Shoot and Dance.

On Christmas Day, also the day before, Jim Higgins, of Empire, will have on hand a lot of turkeys and ducks, which he will allow anybody to shoot at for 50 cents a shot at the turkeys, ducks half price. Pistol shots can try their skill at 20 yards for ducks at 25 cents per shot. In fact, you can have a chance at a duck or turkey with any kind of a firearm you can dig up, including cannon.

On Christmas Eve there will be a dance at Higgins' Hall, and a turkey supper at Mrs. Kohl's.

"Tales From Town Topics, No. 2," an offshoot from the New York journey which is debarrad from so many homes, has made its appearance. This is the second of the series started three months ago by the publishers, and those who do not like the first book should not read this one. [Town Topics Publishing Co., 21 West 23d Street, New York.]

The Silver State publishes a steamboat about a man riding in the flume from Lake Tahoe to Carson in eight minutes. In the first place the flume does not run from Glenbrook, as it would have to run up hill about three miles to do it, and in the next place it takes an hour for a piece of wood to come from the Summit to the terminus of the flume.

Noted physicians state that beer will give more warmth to the system than any other drink. They even go so far as to say that if beer is taken in moderate quantities in winter, it will actually save wood. Our wood pile is getting low, Jake.

U. S. Marshal Moore, who has been on a trip over the Eastern portion of the state, returned to the city yesterday. He reports weather extremely cold, with plenty of snow.

A lunch and bazaar will be given by the ladies of the Presbyterian Church at Odd Fellows' Hall on Friday, December 11th, 1891. The lunch will be served from 12 m. to 3 p. m. The evening entertainment will begin at 8 p. m., and will consist of an amusing farce, banjo solos, a new drill and many other new features. Admission in the evening, 25 cts.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't is is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely in your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
